

Maximise your Coaching Career

NEW OPEN PROGRAMME STARTS OCTOBER 2019

ILM 7 Certificate/Diploma in Executive Coaching & Mentoring

Aims (Objective)

The Level 7 Certificate & Diploma in Executive Coaching and Mentoring are ideal qualifications if you aim to lead a coaching practice or work as an executive coach. They are also designed for professional coaches and mentors seeking to enhance and accredit their experience with a nationally recognised qualification and for senior managers or HR/OD professionals who want to develop their expertise and credibility in the fields of coaching & mentoring, or to establish coaching on an organisational level.

Delivery

The programme is delivered across 6 workshops with the emphasis being on 50% coaching skills practice, observation and vital feedback with highly experienced Executive Coaches at each workshop.

Using facilitated modules, pre and post session study and research, self-facilitated learning groups, personal coaching, supervision and ongoing/summative assessment, this qualification helps you build a specific bank of tools and strategies designed for the corporate arena. Testimonials

"I have worked with Suzanna and the Xenonex team to achieve my ILM 7 Executive Coaching and Mentoring qualification. The course was extremely well organized and the educational days were thoughtfully and skillfully structured. In addition to the excellent core teaching and observed coaching, I particularly liked their approach of bringing in experts on specific elements of coaching, such as resilience. The Xenonex team were unfailingly supportive during the period when I was building up my coaching hours and completing the required assignments. Based upon my high quality experience, I would highly recommend Xenonex for coach training."
